1) Statement flagged "T" to the proposition statement The existing average cost is Rs 1116 ~~Nair~~ average cost is Rs 1598 according the revision now proposed & the extra cost is ~~Rs 998 Per Annum~~ Rs 482 pm or Rs 6000 Per annum/ In addition to the above ~~sum~~ Rs 6000/-, a sum of Rs 4000/- has to be Paid as advance increments from 1st January 1947 of the benefit of the Govt order sanctioning ~~benefit~~ to advance increments to the Govt employees is to be extended to the Mc employees also after the revised scales of Pay as proposed is sanctioned

2) The Mc Council have proposed to meet this extra expenditure from the "closing balance" of the Mclp but the Dy Commr states that the extra cost could be met only by

withdrawal from investment ~~fds~~ to prevent prescribed minimum being otherwise trenched upon the mclf has an investment ~~balance~~ of Rs 16,267

3) It is further reported that the sweepers of the mclf struck work on the 22 nd Oct 1947 demanding higher salary & that the serv of the sweepers had to be ~~indented~~ upon from the Mysore Lgf mclf for a day as a result of the strike

4) The Dy Commr requests to obtain sanction of Govt to the above proposal.

5) He also suggests that immediate orders may be Passed for Payment of Salaries at the proposed enhanced rates to the sweepers, Pending Govt sanction to the ent revision proposals so that they may not go on strike once again and cause the town to become insanitary & unhealthy

6) From the proposition statement it is seen that the extra cost involved in giving effect to the proposals for the revision of the scales of Pay is Rs 199 P m -

The Proposal for the grant of enhanced scales of Pay to the sweepers is for order

1) The extra cost involved in the proposals has not been calculated

properly as in the case of graded appointments the average cost of each post is not taken into account, but only the minimum of the existing and proposed scales & thus will not give a correct idea of the implications of the revision the Hill Council may perhaps be asked to work out the extra cost based on the averages of the existing and proposed scales and also in what Connection Consider whether they will be able to bear the additional burden involved (which by the way will naturally be more than the extra cost as calculated now)

8) In the meanwhile however, in the circumstances explained by the D C - the growing effect to be given to recommendations of the Hindi Council in regard to the bay of the Sweepers is for consideration The immediate extra cost in this behalf will be Rs 199/- p.m.

Sir,

Revision of pay of the Municipal Staff of the Town Municipality at Nanjangud

I have the honour to forward herewith, a proposal received from the President, Town Municipal Council, Nanjangud with his report No H C 35 of 47-48, dated the 23rd October, 1947, regarding the revision of pay of the entire Municipal Establishment - Executive and Ministerial and to state as follows

The question of revision was taken up by the Council on the representation of the Staff of the Municipality for the enhancement of their salaries also in view of the Government having sanctioned revised scales of pay of the non-Gazetted various Government Subordinate employees of the Revenue and other Departments with effect from 1st January 1947 in their order No Fl 2010-70/SA.35-41-6, dated the 21st September, 1947, and 2108-70/S&A 25-47- dated the 23dd September, 1947, The employees prayed that they may also be extended the benefit of enhanced pay with increments with effect from 1-1-1947, as in the case of the officials of the Revenue and other departments The matter having been referred to a special Committee, the enhancement proposed in the proposition statement enclosed herein was recommended for the consideration of the Council In a Special meeting held on 21st October, 1947, the council approved of the recommendations suggesting that the extra

that the extra cost involved might be met out of the closing Balance of the Municipality.

As the proposition will show the extra cost, involved on account of the revised scales of pay as proposed amounts to Rs 482/- per month or Rs.5784/- or in round figures Rs 6000/- per year, In addition, a sum of Rs 4000/- has to be paid as advance increments from 1st January 1947, if the benefit of the Government Order No Fl.2682-7-14/S&A. 25-47-70, dated 14th October, 1947, is to be extended to the Municipal Employees also after the revised scales of pay as proposed is sanctioned

It is said that the Closing Balance at present is Rs.39,135/- inclusive of investments in the Savings Bank account The investment amounts to Rs 16,267/- The closing Balance after deducting this, will be Rs.22868/-, which is no doubt above the prescribed minimu The Council think that the extra cost amounting to Rs 10,000/- could be met out of the Closing Balance This is not so The extra cost could be met only by withdrawal from investments, to prevent prescribed minimum being otherwise trenched upon As observed by Government in their order No.D 9742-43/Ml.27-47-7, dated 25th September, 1947, there is great need for devising ways and means for improving the finances, as the Municipality has already heavy commitments to discharge, such as Drainage, water Supply improvements and above all, it has to pay the full maintenance charges of water supply - conscious of all these and of the increased expenditure, they have got already certain measures sanctioned and certain measures proposed for improving the revinue as observed in my letter No D3 C.3810 dated the 2rd June 1947, forwarding the Budget Estimates of. the Municipality In addition to this, they propose to levy professional tax, and to revise shop taxes et

P.T.O ,

taxes etc ,

5 This proposal, raises a gene al question for all the Municipalities Similar proposals are likely to be received from other Municipalities also As Municipalities are as I and II and III Classes on the basis of their incomes, I think, that adoption of a uniform scale of pay for all the Municipalities may not be feasible Considering this aspect, I have submitted this proposal for revision of establishment of the Nanjangud Town Municipality, for the consideration of the orders of Government.

In a subsequent report dated the 28th October, 1947, received, it has been stated that the sweepers struck work on the 22nd evening demanding higher rates of salary following the Government order inspite of assurances that their request would be considered sympathetically, and it is said that the services of some sweepers had to be indented upon from the Mysore City Municipality for a day as a result, of this strike to prevent inconvenience to the Public, and in the interest of the health and sanitation of the Town

In the foregoing circumstances, I reques that you will be so good as to obtain sanction of Government for the revised scales of pay proposed by the Municipal Council with effect from 1st January 1947 I would further suggest that immediate orders may be kindly passed for payment of the salaries at the proposed enhanced rates to the sweepers pending Government sanction to the entire revision proposals since, I am afraid, that this class of employees may struck of work onceagain and that in the event of their doing so, the Town may become insanitary and unhealthy

Connected papers accompany.
